PROFESSIONAL SUMMARY

Frontend Developer and UI/UX Designer with hands-on experience building responsive web applications using React.js, JavaScript, and modern UI/UX practices. Skilled in creating user-centric interfaces and translating designs into functional products. Passionate about delivering accessible and high-performance web experiences.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS

UI/UX Design: Figma, Adobe XD, Adobe Photoshop, Wireframing, Prototyping, Responsive Design

Tools: Git, GitHub, VS Code

EXPERIENCE

UI/UX Designer Intern

InternPe (Remote) — 1 Month

- Designed wireframes and high-fidelity prototypes in Figma for client-based mobile and web application concepts.
- Applied user-centered design principles and conducted UI reviews to improve usability and visual consistency.

Web Developer Intern

CodeBoosters (Remote) — 1 Month

- Developed and styled responsive web pages using HTML, CSS, and JavaScript as part of live development tasks.
- Collaborated with a remote development team to test, debug, and deliver front-end features within sprint deadlines.

Frontend Developer Intern

CodeAlpha (Remote) — 1 Month

- Built responsive UI components using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and consistency.
- Implemented interactive features and improved page performance based on code reviews and mentor feedback.

Data Annotator Trainee

Vista Engg Solutions — 2 Months

- Labeled and validated structured datasets with high accuracy to support machine learning model training.
- Maintained strict quality and consistency standards while consistently meeting daily annotation targets.

PROJECTS

PawCare

React.js | Tailwind CSS | Figma

- Built a responsive pet care platform with pet profiles, service booking, and adoption/rescue listings.
- Designed a modern, intuitive dashboard UI to streamline navigation for pet owners and service providers.
- Developed reusable React components and applied responsive design principles for a seamless cross-device experience.

Modern E-Commerce Website

React.js | Tailwind CSS

- Developed a responsive e-commerce UI featuring a product catalog, shopping cart, and checkout flow.
- Built reusable React components to maintain consistent styling and smooth navigation across all device sizes.

Amazon Clone

HTML | CSS | JavaScript

- Recreated core e-commerce features including product pages, add-to-cart functionality, and a checkout interface.
- Built a fully responsive layout using vanilla JavaScript and CSS for consistent cross-device performance.

Portfolio Website

Framer

- Designed and developed a responsive personal portfolio with smooth, performant animations using Framer.
- Created an interactive project showcase section to effectively highlight key work and technical skills.

EDUCATION

Bachelor of Technology — Information Technology

CGPA: 7.6

Info Institute of Engineering, Coimbatore, Tamil Nadu, 641107
